## SUMMARY

Driven and meticulous Software Developer proficient in **JavaScript, React, Firebase, Power Tools, and SQL**. Skilled in building scalable web applications and developing responsive user interfaces using modern frameworks and libraries. I am excited to contribute to dynamic teams and apply my expertise to real-world software development projects.

## EXPERIENCE

### Software Developer Intern

Godigitify Nexus

December 2023 – August 2024, Chandigarh

- Designed and developed dynamic, user-friendly websites for **5+ live projects**, primarily focusing on frontend technologies like React, JavaScript, Tailwind CSS, 3D elements, Material UI/UX, Vite, and other additional frameworks.
- Managed backend functionality using Firebase and Node.js, integrating MongoDB for robust and scalable data storage solutions.
- Collaborated with cross-functional teams to ensure seamless project delivery, implementing modern development practices like OOP's concepts and maintaining high-quality code standards.

### Video and Streaming Lead

Google Developer Student Clubs – SVIET

June 2023 – July 2023, Chandigarh

- Boosted online interaction by **40%** with engaging video content for club events, creating a more interactive experience.
- Amplified viewer participation by **60%** through effective and strategic live stream management, optimizing audience engagement.
- Furnished comprehensive technical mentorship, advancing GDSC students' skills significantly through targeted guidance and support.

## PROJECT

### Godigitify-Nexus Website

Godigitify Nexus • [www.godigitify.com/](http://www.godigitify.com/)

- Developed an IT company website using the MERN stack to showcase products and describe the company's working culture with engaging and interactive interfaces.
- Utilized Tailwind CSS to create a responsive and visually appealing design, which enhanced the overall user experience.
- Successfully integrated various third-party components and services to extend the website's functionality, leading to an increase in user retention and rise in customer satisfaction.

### Personal Portfolio

[react-portfolio-six-gamma.vercel.app/](http://react-portfolio-six-gamma.vercel.app/)

- Designed and developed a personal portfolio website using the React framework and libraries( like ts-practicals) featuring a showcase of various projects, detailed skill sets, and professional achievements to highlight capabilities effectively.
- Ensured a seamless user experience with responsive design principles in React, achieving compatibility across desktops, tablets, and mobile devices, resulting in a 98% positive feedback rating for accessibility and usability.

### Clickmasters

GoDigitify Nexus • [clickmaster.netlify.app/](http://clickmaster.netlify.app/)

- Led the development of an innovative startup website using the MERN Stack with Next.js.
- Designed and implemented distinct dashboards for different user roles, enhancing user experience and functionality.
- Developed scheduling functionality, allowing users to manage bookings and view daily schedules through a calendar interface.

## EDUCATION

### Bachelor of Technology in Computer Science and Engineering

I.K. Gujral Punjab Technical University • 2025 • 8.57 CGPA

- Led an interactive workshop for **100+** students on programming and logical skills, featuring hands-on exercises and practical coding challenges.
- Active participation in tech communities and prominent inter-college events, contributing to discussions, networking, and staying current with industry trends.

## ACHIEVEMENTS

- Runner Up** | 2023 | Web-dev Submit – Chandigarh Group of Colleges-Jhanjeri
- Runner Up** | 2023 | Udaan ( Business Idea ) – Global Group of Institute-Amritsar
- Second Runner Up** | 2023 | Chandigarh Group of College Hackathon
- Selected for Regional Level** | 2024 | Solution Challenge by GDSC

---

## INVOLVEMENT

---

### Volunteering BharatTech Xperience Hackathon

Chandigarh · Swami Vivekananda Institute of Engineering and Technology · October 2023 -December 2024

- Managed the registration and monitoring teams, ensuring smooth participant check-in, handling inquiries, overseeing event operations, and troubleshooting issues.
- Coordinated the broadcast and capturing team to organize the capture of photos and videos for event documentation.

### Volunteer in Google I/O Extended Chandigarh

Chandigarh · Swami Vivekananda Institute of Engineering and Technology · May 2023 -December 2024

- Played a key role in event management by overseeing infrastructure setup, coordinating decorations, and maintaining event decorum and discipline to ensure a professional and engaging atmosphere.

### Workshops and Seminars

Techlearns Academy · January 2023 - May 2024

- Conducted over **30+ workshops** in various coaching centers, schools, and community centers, delivering educational content to rural areas and government schools, reaching out to **500+ individuals**, and enriching their educational experience.
- Mentored and guided over **200+ students**, empowering them with knowledge and skills for academic and personal growth, resulting in a **60% improvement** in academic performance and personal development.

### Volunteering Global Future Submit 2k24

Chandigarh · Swami Vivekananda Institute of Engineering and Technology · February 2024 - February 2024

- Increased social media engagement by **40% growth**, leading photo/video team to capture industry leaders' tech talks.
- Oversaw multimedia team capturing the event's cutting-edge technology.
